About Me

I am a self-taught junior front-end developer with a good background in HTML, CSS, and JavaScript. I have a passion for creating visually appealing and user-friendly websites, and have experience working on my personal projects. In my free time, I enjoy studying new technologies as well as improving and practicing my currently knowledge. My aim is to become a Web Developer and to grow in my career inside a good company.

Experience

- 2022 - Current
  Problem Solver
  Amazon Robotics.

  Teamwork experience as "POC" (point of contact) in Problem Solve Outbound on Amazon for 4 internal departments. Solving delivery problems for customers and experience working under pressure and demand with deadlines.
